

Job Title: Senior Truck Upfitting & Hydraulic Systems Technician

Location: Mount Gilead, OH

Job Type: Full-Time, Onsite

Pay: \$28 – \$38 per hour DOE

Job Summary

We are a busy vacuum tank fabrication and truck equipment shop looking for an experienced Senior Truck Upfitting & Hydraulic Systems Technician to join our team. You'll work hands-on modifying truck frames, relocating axles, installing hydraulics and PTOs, wiring 12V electrical systems, and mounting vacuum tanks. This is a skill-based role — we want someone who takes pride in quality work and can complete high-quality builds from start to finish.

Responsibilities:

- Install hydraulic systems, hoses, pumps, valves, and controls
- Install PTO units and auxiliary systems on truck drivetrains
- Shorten and extend truck frames to spec
- Mount vacuum tanks and secure to chassis
- Wire 12V systems for lights, controls, and accessories
- Read and interpret build orders, schematics, and drawings
- Perform structural welding and basic fabrication
- Troubleshoot mechanical, hydraulic, and electrical systems
- Maintain a clean, safe work area

Qualifications:

- 5+ years experience in truck upfitting, fabrication, or heavy equipment work
- Strong hydraulic and PTO knowledge
- Proven frame modification and welding skills
- 12V electrical wiring experience
- Ability to read schematics and blueprints
- Strong attention to detail and ability to work independently
- Reliable, punctual, and safety-oriented

Benefits:

- Competitive pay based on experience
- Opportunity for overtime
- Steady work in a growing shop
- Health, dental, vision insurance at 90 days
- 401k matching at 1 year

How to Apply:

Please submit your resume and a brief summary of your experience to sarah@lcmohio.com.
